

## Steel tape measure "Quickmeter", Band length: 2 m

### Order data

Order number	461992 2
GTIN	4045197523570
Item class	41H

### Description

#### Version:

Stainless steel tape with wear-resistant stove-enamelled markings.  
With a handy belt clip.

#### Advantage:

The convex camber allows the tape to lie **flat** on the desk, so that dimensions can be read and transferred easily and without errors.

#### Function:

**Runs out automatically at the push of a button** and stops when the button is released.

Calibration: G1

Tape width: 16 mm

Ø: 62 mm

Width: 24 mm
