

**Garant****Tool24 PickOne &ndash; master system DE, Total number of compartments: 160****Order data**

Order number	979201 160
GTIN	4062406134129
Item class	9SA

**Description****NOTE: Colour selection possible****Version:**

Goods issuing system with innovative drum system to ensure secure individual withdrawal of every item. Very quick goods removal due to low access times, self-opening compartment and visual signal at the correct withdrawal compartment. The drum of the Tool24 PickOne is available with up to 4 different compartment sizes as standard configuration and with a load capacity of more than 1000 kg, specially designed for industrial use. Flexible attachment of a touch screen thanks to double-sided perforated panel.

The master system can be extended with additional extension systems and combined with all Tool24 hardware variants.

This item is compatible with the software solutions from the HCS – Hoffmann Group Connected Suite. Maximum compartment size, ideal for discharging large-volume items, such as grinding wheels, protective goggles.

**Advantage:****HCS – Hoffmann Group Connected Suite**

By purchasing this item, you are gaining a component for your digitally networked production. Increased productivity can be achieved in conjunction with the respective software module.

**Supplied with:**

Touch screen 22 inches, barcode scanner, PC including Basic software package.

**Colour:**

Body RAL 7035 light grey, fronts RAL 7016 anthracite grey, **powder-coated.**

**Note:**

The drum of the Tool24 PickOne is individually and uniquely configurable for each customer with 4 different storage sizes depending on the portfolio of items to be issued. Talk to your technical adviser.

The weights do not include a PC and monitor.
