Order number	964450 100X135
GTIN	4067263476771
Item class	9GM

Description**Version:**

Industrial workplace mat for medium to heavy-duty requirements. The ergonomic rubber mat is suitable for dry and wet walking and standing workplaces. The mat surface has an optimally coordinated pivot point and very good slip resistance and position stability. Bevelled edges on all sides to avoid the risk of stumbling. Very easy-to-clean surface with light-reflecting properties. The oil-resistant floor mat has a fire protection class Bfl-s1.

Due to the elastic properties of the rubber compound and the special geometry on the rear, the mat has a particularly shock-absorbing and activating effect and protects against unhealthy levels of coldness. Durable mat suitable for multi-shift operation.

Electrically dissipative, surface resistance of less than $10^7 \Omega$. The mat is marked with an ESD safety label.

Supplied with:

Mat with ESD grounding connection (hole for grounding connection can be freely selected, connection must be self-assembled).
